Thank you to everyone for your support of these local charities.

See you on May 23, 2021!

Who We Are...

Gibault was founded by the Indiana Knights of Columbus in 1921. The relationship between the Indiana Knights and Gibault is unique, our level of support unprecedented. Working together, we continue to grow this legacy through gifts of time, talent, and treasure.

What We Do...

Gibault Children's Services provides unique offerings within the residential and community based programs. Gibault provides treatment to both male and female clients ranging in age from 6-21. Children are placed at Gibault through a variety of sources. All children placed at Gibault are provided with a master's level therapist who conducts regular individual, family, and group therapy sessions.

With your kindness and generosity, we can reach our goal of \$30,000... and be gifted an additional \$10,000 in matching funds!

The pandemic created a dire need to connect with and provide life-changing opportunities to children, adults, families and communities through virtual avenues. Unfortunately, Gibault doesn't have the technology needed to keep up with the new trends of telehealth services and online meeting spaces. The ability to purchase large smart screens eliminates the obstacle of reliable transportation and allows our providers to conduct therapy sessions with children and their families more frequently and easily.

Additionally, these screens offer an online meeting space for Gibault staff, children, placing agencies, families, education staff, therapists, and doctors. At a cost of \$10,000 or more for each one, we need your help to reach our goal of purchasing three screens and the equipment needed to adequately run them. We appreciate your support!

Celebrating 100 Years and counting!
